## A BRIEF HISTORY

The earliest information concerning the history of the Colored Orphanage that has been found is a report for 1902-03 by the late superintendent, Robert Shepard. In this report, it is stated that the Colored Orphanage Association was organized in Henderson, North Carolina, in August, 1882, by representatives of the Shiloh and Wake Baptist Associations. The purpose of this organization was to provide a place to care for orphaned Negro boys and girls. Rev. Joshua Perry was elected superintendent and Rev. W. A. Patillo was made general agent. Also at this time a committee was elected to select a site for the institution.

After many difficulties, in 1886 a farm of twenty-three acres, about  $1\frac{1}{2}$  miles from Oxford on Raleigh Road, was obtained at the cost of \$1565, one-half of the cost being paid upon possession of the land. As every available source of financial aid was exhausted in the effort to make the payment of the land, the next question was how shall the children be supported and who shall be responsible for paying workers to look after the children?

The voluntary offer by a woman of her services, house and furniture, solved the problem for a while. After a few years of service, Rev. Perry resigned the position of superintendent and Miss Bessie Hockins carried on until Rev. Patillo began acting as superintendent and general agent and in 1890 Rev. Robert Shepard began his term of service. During the period of Rev. Shepard's administration, 148 additional acres of land were purchased, dormitories, farm buildings and a superintendent's dwelling were erected.

After Rev. Shepard's resignation, Hon. H. P. Cheatham, who had been a member of the Board of Directors for some time, became superintendent in 1907. During his term, brick buildings were erected, replacing the original frame structures. The State of North Carolina continued to make appropriations for the care of the chil-

dren. Superintendent Cheatham died in November, 1936, and from that time until 1937 his son, Charles E. Cheatham, carried on the work.

In 1937, Superintendent T. K. Borders took over the helm and guided the work until his untimely death in October, 1940. C. A. Alston served as acting superintendent from July, 1940, until March 1, 1941. During these years many improvements in the physical care of the children were made though no building programs were sponsored.

The present administration began in March, 1941.

PROGRESS IS NOT MERELY MOTION; IT IS FORWARD MOTION

*To The Board of Directors of The Colored Orphanage of North Carolina:*

GENTLEMEN:

Another year has passed in the development of this institution which is significant, as it is my fifth year as superintendent of the orphanage. I am particularly grateful to all who have made the accomplishments of the past five years possible. I wish to express appreciation to:

The members of the Board of Directors of the Colored Orphanage of North Carolina;

His Excellency, the Governor of North Carolina, R. Gregg Cherry; Mr. R. G. Deyton, Assistant Director of the Budget Bureau, and others of the State Departments;

Mr. George Ross Pou, State Auditor and his office, especially Mr. Howell and Mr. Faison;

Dr. James E. Shepard, Most Worshipful Grand Master of the Prince Hall Grand Lodge of Free and Accepted Ancient Masons, State of North Carolina, and all the Lodges;

Mr. S. B. Simmons, Vocational Agriculture Teachers and all the chapters and friends of the New Farmers of America;

Mr. L. E. Austin, President, North Carolina Interdenominational Ushers Association, its officers, members and friends;

Mr. W. D. Carmichael, Jr., the Cone Foundation, Proximity Mills, Minneola Mills;

Dr. P. A. Bishop, President, State Baptist Convention; Executive Secretary, Rev. Thomas Kilgore; the Moderators of the Baptist Associations and the members and friends who have cooperated in making the orphanage a definite part of the State Baptist Convention program;

Dr. Ellen Winston, State Commissioner of Public Welfare, Mr. John Larkins, Consultant on Negro Work, and the County Welfare Departments;

Mr. C. D. Ashworth, Granville County Sanitary Inspector, and Granville County Health Department;

Mr. R. M. Rothgeb, General Business Manager, North Carolina Hospitals Board of Control;

Mr. W. Z. Betts, Director, North Carolina Division of Purchase and Contract;

Mr. C. G. Credle, Superintendent of City Schools, the Board of Education, Oxford, and the teachers of Angier B. Duke School;

Dr. W. N. Thomas, Dr. R. L. Noblin and Dr. E. E. Toney, who performed thirty-eight tonsilectomies;

The entire personnel of the Colored Orphanage for their loyal support which has caused the progress of the year's work. There have been few serious illnesses and no deaths. The health of the children has been protected through the fine service that is given by our physician, Dr. W. N. Thomas, and the services rendered at the Susie Cheatham Hospital for the few children who have needed treatment there; and

The many individuals and organizations that space will not permit us to mention.

During the year we have had many incidents which contributed to the well-being of the children. The Boy Scouts have been organized about one year and have 12 members. Seven boys have completed requirements and are preparing for camp in a few weeks. The New Farmers of America presented their annual program on our campus in December. The Thirteenth District Masons, Brother H. M. Bullock, Deputy, presented their annual St. John's Day program on our campus. This year the attendance surpassed all previous occasions. The joint meeting of Ministers and Deacons Unions serves as an inspiration to all of us. It is hoped that other Unions will participate in this program in the future. We are always glad to have organizations who are contributing to the orphanage meet here to give us the opportunity to talk together and give the members the opportunity to see what is being done here at the institution.

With the cooperation of the workers we have a very nice Sunday School organization. The children are given the opportunity to take part and we feel that they receive valuable training. Several of the children are invited from time to time to appear on programs in the community. Our chorus has visited several cities, though for the past few years traveling has been curtailed, due to transportation difficulties.

Disciplinary problems are not so numerous when the children are given a fair share of work and play. Now that we can offer the boys and girls more diversion, they are more contented and their attitudes are more wholesome. We hope to offer more recreational opportunities and industrial training and thus bring our disciplinary problems to the minimum.

At the school closing exercise this year we offered two prizes for achievements. The Martha Hamlin Brooks Memorial Prize is being donated by Captain Theodore H. Brooks, U. S. Army, in memory of his mother, who was an orphanage student. This prize will be awarded annually to the girl with the highest average in conduct, scholarship, industry and personality. Cora Saunders, of Cumberland County, was the 1946 recipient of this prize. The Hamme prize to be awarded to the boy with the highest average in conduct and general citizenship was awarded to Hobart James from Swain County.

## FOOD DEPARTMENT

### Including Farm and Dairy

Though times have been critical, we have been able at all times to maintain an adequate diet for the children. We are fortunate in that we have foreseen shortages in staple foods in time to conserve our supply. The food that has been purchased is supplemented by the produce from the farm and garden. Last summer we were able to can a large supply of fruits and vegetables. The mainstay in our diet is milk. We have a mixed Guernsey and Jersey herd and the cattle is inspected annually by Dr. A. A. Husman of the U. S. Department of Agriculture. All cows were found free of disease. In addition to supplying

milk and milk products, the dairy offers vocational training for our boys. We have been successful in obtaining an electric cooling unit which makes it possible for us to have adequate refrigeration for the milk.

From time to time we have supplemented our meat supply from our herd. This has been exceedingly helpful when meat is scarce. Approximately two-thirds of our pork was raised on the farm. We try to raise hogs in proportion to the production of feed crops on the farm.

Our orchard is young and has not produced a substantial amount of fruit, but the outlook is promising for another year.

Our corn crop was abundant, with approximately 2200 bushels of corn produced on 40 acres of land. The only cash crop was tobacco, which brought in \$2,865.80. We sowed peas and soy beans to increase the fertility of the soil and let the herd graze the forage after the corn is gathered. Large quantities of lespedeza is sown for hay and soil building.

A great deal of work has been done to improve the pastures and complete a permanent pasture on which the herd grazes nine months of the year. We have had splendid cooperation from the Vocational Agriculture Department and Extension Service. Our boys who study vocational agriculture have an excellent opportunity to put their knowledge into practice. Mr. R. A. Lewis, agriculture teacher at Mary Potter School, has rendered valuable service and assistance in helping work out a crop rotating system.

#### REPORT OF SUPERVISING MATRON

The close of this fiscal year finds us still thankful for the excellent health of the children as a whole and that the few cases of serious illness have caused no deaths. At this writing there is an epidemic of whooping cough, but no children are confined to bed.

All of the children enjoy some form of recreation daily. Aside from relief from the routine of work it contributes to health and happiness. Holidays such as Valentine, Easter, July Fourth, Hallowe'en, Thanksgiving

and Christmas, are occasions for parties, joy rides for the little ones or movies for the older children. Each month a special dinner is given to all whose birthdays come within that month. All of the children have a chance to see movies each week in our chapel.

Living quarters consist of three dormitories, one for girls, one for younger boys and one for older boys. Every effort is made to make these buildings as comfortable and home-like as possible. In order to achieve this end, the children are taught to keep clean by doing the work themselves. The children are taught to regard work as something honorable and necessary to one's well-being and respectability.

The kitchen, dining room, laundry and sewing room provide training for the girls, all of which are under the supervision of competent matrons. Washing and ironing are done daily in the laundry in order that the children may have frequent changes of clothing. All the girls who are old enough are given a chance to learn to sew. They learn plain sewing, by starting with simple stitches by hand. They go from dish cloths and towel-hemming to the sewing machines and begin by making pillowcases, and by easy stages to slips, nightgowns, boy's pajamas and shirts. Several girls cut and make their own dresses. More of them sew on work that is cut for them. They are all urged to develop skill and precision and then speed.

The recent purchase of a buttonhole attachment has added to our efficiency in turning out boys' clothing, which of necessity requires many buttonholes.

The clothing made in the sewing room is made largely from materials donated and serves as a supplement to that which is bought. We also remodel used clothing that is sent from time to time.

Four hundred yards of plant bed covers stitched up for the farm and more than five hundred other pieces were made as follows:

110 Dresses	91 Dishcloths
36 Pajamas	51 Aprons
175 Overalls	90 Slips

53 Nightgowns	22 Little boys suits
28 Pillowcases	25 Shirts
Miscellaneous Items	

MRS. MAGGIE HAMLIN FRIERSON,  
*Supervising Matron.*

### ANGIER B. DUKE SCHOOL

I am very grateful to Superintendent Hamme for the improvements made in the school building this year. Adequate sanitary lavatories and drinking fountains have been installed. I also wish to thank him for the forty books which he donated to our library. His interest in the school, its work and in each child made the children more aware of what was expected of them mentally, physically, morally and socially.

I must express appreciation to the teachers for their loyal support for which I attribute the success of the school.

The school maintained its usual program of study with few additions.

Many audio-visual aids were brought into the classrooms. Some of these aids were recorders, radios, excursions, specimens, and show case projects relating to subject matter taught. This helped many children to see and feel that which they did not understand through reading.

The school is better prepared to serve the community than ever before in its history. Thirteen sets of supplementary readers were added, consisting of from ten to twenty books per set and 171 state approved library books were added to our shelves.

With the extension of our library, parents who formerly did not visit the school are becoming more school-conscious as they come to our library for reading material. This has made the school a center for community activity.

Our enrollment was not as large this year as last year. During the year 257 pupils were enrolled in school.

One hundred forty of these were children from the school community.

I had hoped for the school to have met the requirements necessary to be put on the list of Standard State Schools, but owing to many conditions over which we had no control we were unable to meet these requirements this year.

In spite of the fact that this has been one of the most difficult years in the history of the school because of climatic conditions, we had a very successful one. As usual the Parent-Teacher Association was an active part of the school. Through this organization the school raised \$999.70 for school and community betterment. These funds were spent as follows:

Hospital for Negroes -----	\$ 385.50
School purposes -----	254.24
War Fund -----	199.35
Red Cross -----	31.25
Crippled Children -----	22.00
Balance in Treasury -----	107.36
<hr/>	
Total -----	\$ 999.70

MRS. L. G. SMITH, *Principal.*

## AUDITOR'S REPORT

HON. GEORGE ROSS POU,  
State Auditor,  
Raleigh, N. C.

SIR:

Pursuant to your instructions, we have made an examination of the financial records of the

## COLORED ORPHANAGE OF NORTH CAROLINA

OXFORD, NORTH CAROLINA

for the year ending June 30, 1946, and submit herewith our report.

Exhibit "A," attached hereto, is a statement of the Capital Assets at June 30, 1946.

The valuations placed on the Capital Assets were an estimate arrived at by inspecting the policies of insurance coverage and other data and information obtained from the Superintendent and members of the Executive Committee of the Board. These valuations are subject to future appraisal and changes that the Board of Directors may deem advisable to make.

Operations within the Maintenance Fund are shown on Exhibits "B" and "C", together with supporting Schedules, attached hereto. During the year under review a transfer of \$5,000.00 was made from this Fund to the Permanent Improvement Fund. There remained in this Fund at June 30, 1946, a cash balance of \$10,873.-83, which does not include the imprest cash fund of \$50.00.

Revenue for the year exceeded the budget estimate by \$5,111.00. The expense disbursements for the year amounted to \$57,316.16, leaving an unexpended balance in the budget estimate of \$5,762.83.

Exhibit "D", attached hereto, shows a balance of \$5,000.00 in the Permanent Improvement Fund, which was transferred from the Maintenance Fund.

Maintenance Cost for the year under review amounted to \$53,186.68, as compared with \$46,370.26, for the preceding year. The average enrollment for the year was 132, as compared with 134.5 for the preceding year and the Per Capita Cost was \$402.93, as compared with \$344.76, for the preceding year.

Current Outstanding Obligations at June 30, 1946, amounted to \$737.11.

Attached hereto, as Exhibit "E," is a statement of the Children's Funds. These Funds represent money on deposit with the Secretary to the Superintendent, subject to withdrawal by the children.

Exhibit "F", attached hereto, is a statement of the Trust Funds, which we believe to be self-explanatory. During the year

under review, the New Farmers of America donated to the Institution \$6,000.00, Maturity Value, U. S. Savings Bonds, Series F.

Operations within the Anniversary Loan Fund are shown on Schedule 7, attached hereto. There remained in this Fund at June 30, 1946, an unexpended balance of \$537.46. This Fund was created during the year 1943-44. Revenue accruing to this Fund consists of contributions from various individuals and organizations. The purpose of this Fund is to aid worthy high school graduates of the Institution in defraying college expenses. The advances made from this Fund for that purpose are repayable at the pleasure of the parties to whom advances have been made.

#### GENERAL

Our audit consisted primarily of an examination of the cash receipts and disbursement records. We verified deposits made with the Union National Bank as reported to the Budget Officer, Mr. Harris, disclosing no irregularities. All disbursements were evidenced by properly executed checks, on which the endorsements appeared in order. We reconciled the cash balances at June 30, 1946, with the two banks and found same in agreement with the records of the Institution. The Imprest Cash Fund of \$50.00 and the Children's Funds were properly accounted for. We examined by inspection and count the \$19,000.00, maturity value U. S. Savings Bonds comprising the assets of the New Farmers of America Trust Fund. During the course of our examination, we inspected numerous invoices, payrolls and other data supporting disbursements, all of which appeared to be proper institutional charges.

No inventories of food and supplies at June 30, 1946, were taken, as we assumed there would be little difference in the beginning and ending inventories.

Due to lack of clerical help, the Institution was unable to keep an accurate account of farm operations, therefore, we were unable to include operations of the farm in this report.

We acknowledge with appreciation, the cooperation extended us by the personnel of the Institution during the course of our examination.

Respectfully submitted,

*Bureau of Institutional and Departmental Auditing.*

By A. H. HOWELL.

Approved:

M. L. WIDENHOUSE, C. P. A.

July 20, 1946.
